FINE JEWELLERY

CITIZEN ECO-DRIVE

A New Era of Light-Powered Innovation

Harnesses light to keep you moving

From natural or artificial sources

Designed to reduce reliance
on disposable batteries

Stylessence
FINE JEWELLERY

How Eco-Drive Technology Works

01

Light is captured
by the dial and
converted into
electrical energy

02

Energy is stored
in a rechargeable
cell to power the
movement

03

A few hours of light
keeps your watch
running for weeks

FULLY POWERED

Models can hold a charge in darkness for **months**.

Style Meets Substance

Effortless styles for every occasion

Built for performance and endurance

Crafted with premium materials

Designed to go the distance

CITIZEN ECO-DRIVE

Stainless
steel cases

Sapphire
crystal glass

Water-resistant
builds

Why Buyers Keep Coming Back

Low-maintenance ownership

No winding

No routine battery changes

Accurate quartz movement

Everyday convenience,
refined craftsmanship

CITIZEN COLLECTION

Citizen Collection at Stylessencej

Three distinct expressions of
precision, design, and
everyday performance.
Discover the Citizen
collection at Stylessence Fine
Jewellery.
